

SEEKING SITES IN **FLORIDA**

Palm Beach, Broward & Dade Counties

SITE CRITERIA

Seeking 4,000-4,900 SF freestanding building with a drive-thru

Chick-Fil-A isn't your average fast-food chain. Offering farm-sourced chicken, cage-free eggs, and organic options for kids, Chick-fil-A is always improving its menu to ensure the highest quality ingredients are being used; not only for the health & the wellbeing of their customers, but for the environment too.

The recent publishing of QSR Magazine finds Chick-fil-A holding strong in the #3 spot securing its place and "proving its strength" during this pandemic. Says QSR: "No major quick serve has loyalty like Chick-fil-A." It noted that Chick-fil-A was able to capitalize on its drive-thru lanes when other places had to close dining rooms during shutdown orders.

Katz & Associates is proud to be partnered with Chick-fil-A since 2007 and represents them throughout most of the state of Florida
